From Classbook to Trucker to Silver Anniversary-Twenty-five Years Filled with Remembered Events

1939 and a homemade "classbook", the forerunner of the first real **TRUCKER** of 60 pages—from these beginnings, though relatively small, a phase of Churchland High School came into being that for an untold number of Truckers has served as a memory book of faces and friends, of times good and bad, of contests won and lost, of knowledge acquired, of clubs and offices held—each of the editions a gentle reminder of a year spent learning, playing, working, participating, sharing. Except for 1951 when there was no yearbook due to the transition from an eleven grade school to a twelve grade school, CHS **TRUCKER** staffs have endeavored to record the students and their activities in a way that, year in and year out, would serve to refresh memories and to act as one link with the past. The 1968 staff has tried to continue this tradition with the presentation of the silver anniversary edition of the Churchland High School **TRUCKER.**

Twenty-four Years of Service to Truckers End as Mr. Beck Becomes "Happy Wanderer", Leaving Halls of CHS as Principal

"Churchland goes big time!" Thus wrote the **Trucker** staff of 1945 as Churchland High School got its second administrator in the person of Mr. Frank Beck. Coming into the life of Truckers as assistant principal in that year, students readily found in Mr. Beck a real friend — one intensely interested in every phase of school life. Being second in command at CHS only lasted one year, for in 1946 he was elevated to the position of principal — the number one Trucker, the head man, the boss. Since that year, Mr. Beck has been the strongest booster of CHS and its activities. Always present at plays, concerts, athletic contests, receptions, meetings, and school programs, Mr. Beck has always found time to chat informally with students in the halls, to listen patiently to any complaints, to pass out bouquets over the PA system, to be the first to promote school-community relations, and in general to be just what the last three letters of his title spell — PAL.

With such in mind, the staff of the 1968 **Trucker** takes great pride and much pleasure in dedicating its twenty-fifth edition to Mr. Frank D. Beck, and the whole school says a hearty "thank you for a job well-done" as he, the all-time Mr. Churchland, retires in June as the principal of Churchland High and becomes the happy wanderer.

New Ideas, Old Traditions Combine to Present Daily Challenges in Classes, Clubs

The beginning of a new year at CHS always brings the search for new goals, new ideas, new themes, and new directions. New students and new teachers from varied backgrounds soon become a part of this search as they merge with the other members of CHS to meet the difficult challenges of education.

This year, basically like the past years, found its lively stream of activity awakened by the crash of lockers. Then came the vital hustling to classes, fumbling with books, attending afternoon organizations or athletics, and simply studying. Studying for quizzes, for tests, for exams . . . would it ever end? Clearly, the everlasting fight for a grade was as alive as it ever was.

This issue of the **Trucker,** using its twenty-fifth anniversary as its theme, has sought to represent all of these elements in CHS life in 1968 — and more.

"IF THAT MR. Motley pops my wart I'll kill him," blinks Adair Atwell as she and other juniors get fitted for senior rings.

Trucker Progresses through Twenty-five Years to Keep Pace with CHS Advances

"I WONDER WHAT the gong's doing bock an Crawford," ponders freshman Debby Kellner during a morning closs.

Those general characteristics of scholastic life have been recorded and elaborated on by the **Trucker** for twenty-four previous years. The students have changed, the organizations have become more complex, and the faculty has enlarged. As the school has grown, new products of technology, such as visual aids and the recording of grades by computers, have been incorporated into its method of functioning. The school life, friendships, and educational advancement, however, have remained constant at CHS.

After looking at past annuals, it is easy to see how the student's clothes have changed in style as the years have passed. Although not so obvious to most students, the **Trucker** also has undergone periodical changes in size, design, and composition. The gradual progress and change seen in the past volumes of this book have been climaxed in this, the silver anniversary edition — the **'68 Trucker.**

STUDENT LIFE

Though relatively new as a separate section of the **Trucker,** Student Life has always been the overwhelming idea behind our yearbook. The daily happenings of Truckers become the material that dreams are made of. Whether participating in a club project, enduring the agony of a closely-fought athletic contest, doing research for a term paper, or gathering at lunchtime, students find that the many happenings in school provide innumerable chances to learn, to play, and to make friends. CHS with its 1350 students is a beehive of constant activities which provide all ample opportunities for living to the utmost, the full-time job of a student. Though large in the number of students, CHS always can find time to emphasize the individual and his worth. With so much to do and so much knowledge to acquire in four short years, every Trucker finds that each year's 180 school days fast disappear, and all too soon they become the past.

Churchland Returns to Its

DUE TO THE big delay in ring delivery, many eager seniors swarm around Mr. Holbrook, senior class sponsor, as he goes through the annual ritual of handing out senior rings.

Fall Routine with Familiar Sights and Sounds

IBM schedule cards . . . a score of new teachers . . . "that locker's too high!" . . . class dues . . . Hi-Y's and Tri-Hi-Y's . . . "senior rings at last!" . . . "is that little guy a freshman?! . . . JV Cheerleaders . . . Homecoming . . . Marshals . . . lunchroom madhouse . . . buying new books . . . Mrs. Davis and Mr. Mancuso . . . football games and pep rallies . . . chorus and band concerts . . . Thanksgiving vacation. This myriad of sights and sounds returned to the halls of Churchland along with 1350 students, of which only 275 were **really** experienced.

Confusion in the halls proved to be the biggest adjustment of the year, due to the large increase in the enrollment and number of faculty members. After six weeks of toil report cards came out and . . .

Miss Churchland Contest . . . newspaper and annual deadlines . . . one act play . . . Cold weather not only brought back shivers and shakes to Churchland, but it also ushered in many more sights and sounds in the classroom and after school. This whirlwind of activities met the New Year and the new semester with full force, and students were eager to finish mid-term exams and once again "start fresh". First semester report cards proved to be a warning to some of us. Naturally we agreed and promised ourselves to work extra hard, when we could find the time.

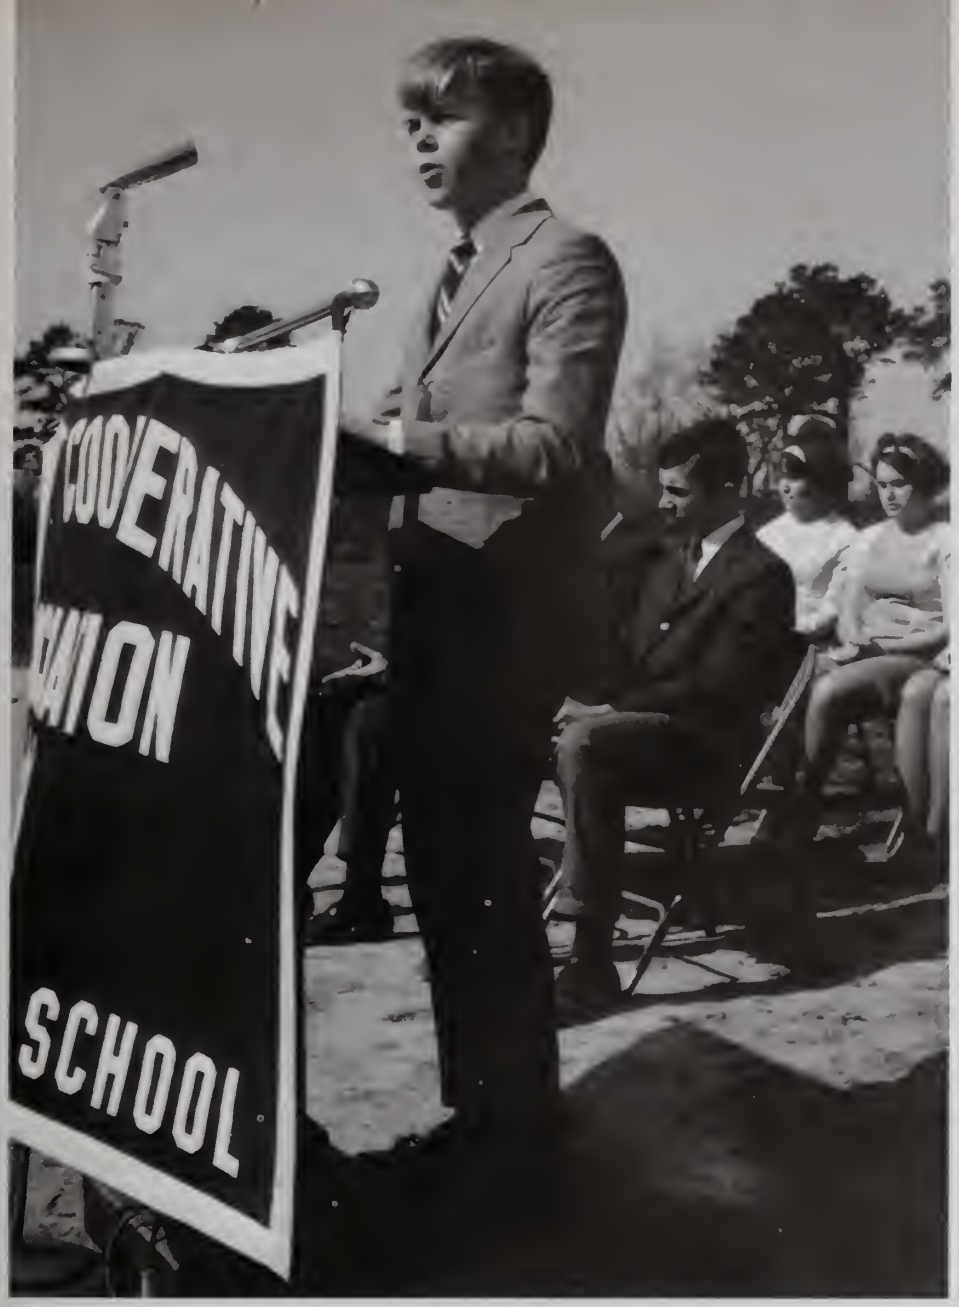
Many Truckers found it much harder to study as an early spring fever kindled anxious expectations of summer vacation that was only three months away.

Everyone began to prepare for the many activities which come in with the warm weather, and when the year came to a close many diverse emotions were shared by 1500 Truckers.

"I'M NOT AT all in love . . ." sings Celestine Graham while Ronney Robinson prances along to the beat of the tune during the Choral Department's Spring musical "Pajama Game".

KEITH BUCHANAN ASSISTS Coach Knowles during infield batting practice as warm weather ushers in baseball season.

"IN A FEW hours it will all be over," thinks Richie Stallings as he readies himself for graduation ceremonies.



CAMPAIGN SPEECHES PROVE tense moments for newly-elected SCA Vice-President Jimmy Morgan as well as all other candidates.

"WELDER'S NIGHTMARE", THE entry in the Southeastern Virginia Art Festival, brings recognition to metal shop sculptors for their hours of work.

HUSTLING TO MEET their final deadline for spring term papers, Seniors Bob Aligood and Ronnie Jacobs take advantoge of the library's overnight book service as Mrs. Brantley stamps the books of their choice.

ACADEMICS

A bit of the old combined with much of the new comprise the make-up of the modern Academics section. Under the old name of Faculty, this part of the **Trucker,** beginning with a single group picture of fourteen teachers in 1944, has grown into the more up-to-date section of today. Faculty pictures are still present, but they are no longer the stilted portraits of yesteryear. By spending time in each classroom, the photographer has been able to capture each teacher in his "natural habitat"—so to speak—as seen daily by his students. The sixty-seven faculty personnel and two administrators find their lives involved in a constant task of imparting to CHS Truckers the fruits of their own learning and experience. Encompassing a total of some 69 subjects, the curriculum at CHS offers courses leading to one of three diplomas—academic, general, or vocational. As such, CHS seeks to provide experiences for its leaders of tomorrow.

Mr. Beck Boosts CHS to Top in Evaluation, Public Relations,

Churchland High School, the best around? That's right, and to prove it, CHS was evaluated in the middle of December. The job of seeing that Churchland presented its best side to these visitors fell to Mr. Beck. In addition to tasks of this nature, Mr. Beck also handles all types of inventories, accounts, and public relations for the school.

Yet, despite his amount of work, he always takes time to listen to any person who may wish to see him. Add to the fact that he is one of our most ardent boosters, and this is Mr. Beck.

Assisting Mr. Beck in the job of keeping CHS on top is Mr. Gaskins. As the one in charge of discipline, he must be sure that proper order is maintained in school, as well as on all buses.

Mr. Beck, Mr. Gaskins — two people who keep Churchland High Number One!

College Applications, Scheduling, Learned Advice Consume Time and Effort of Guidance Personnel

Serving the school as the central department for problems that have to do with scheduling, counseling information, college fact-finding, career preparation, and vocational and academic testing, the guidance staff finds that their hours are constantly consumed with student conferences and resolving their curricular-related problems. The three veteran counselors and the one newcomer, always ready to discuss the perplexities of school life, spend much time informing parents about CHS and its curricular objectives. Likewise, they interpret national test scores in addition to giving such tests as PSAT and CEEB.

With increased emphasis on preparation for tomorrow and finding the right career, the CHS guidance personnel are playing an increasing role in school life and its mountainous task of providing the best for every student.

"HOW ABOUT A career in aeronautical engineering?" asks Mrs. Holl while discussing future plans with Edward Smith.

Mrs. Lois Brantley
Assistant Librarian

Serving as the central point for reference materials, the gathering place for quiet study and research, and the repository for visual aids, the library, though small with its 70 seat capacity, spent $6,193.48 on new books and materials. Constantly adding and re-stocking the shelves, Miss Gibbs and Mrs. Brantley added 844 new books, bringing the total number of books to 8,926.

The 36 student assistants find their time involved mainly serving as "interns" in this training area for "book worms" and novelists.

Onslaught of "New English" Introduces "Whys" of Grammatical Construction

"WELL, IT GOES like this . . ." says Becky Tierney as she talks on, and on, and on in Mrs. Smith's third period speech class.

Relax seniors, **Ivanhoe** has survived the onslaught of "new English"! The new method of instruction in English, which was first introduced to Churchland this year, emphasizes the "why" of grammatical construction.

Reading, vocabulary improvement and self-expression are stressed for the students of Churchland. A course in speech was offered for the second year to aid the students in getting their ideas across to their listeners.

The new philosophy of teaching English may aid to understanding the language, but it still does not make those formal term papers and book reports obsolete.

New odors in the halls? It's just the Chem Study students enjoying their new-found freedom with their experiments. Chem Study is a brand new approach to chemistry with the main emphasis placed on lab observations. "I am partial to the Chem Study because I teach it," commented Mrs. Perlick, "but I really do think it's great!"

Being adopted just this year, the new book, along with the traditional chemistry book, stressed molecular structures, the chemical bond, the quantum mechanical model of the atom, and the concept of the mole.

As every year, teachers strongly challenged their scientifically-minded students with dissections, solubility problems, culture growing, and Newton's law of acceleration. New lab equipment made difficult experiments a little easier as teachers tried to make students follow the correct scientific notation and apply their newly-acquired knowledge.

"HMMM, NITROGLYCERIN," THINKS Robert Fink in chemistry lab. "I wonder what would happen if I dropped it or shook it?"

From Psychology to Geography, New Methods Enliven Social Studies

ENGAGING IN HEALTHY debate, Beth Blanchard, Jill Furman, Herbie Daniels, and Donna Holthoff hash out problems of American History.

New textbooks, new approaches to teaching, and new stimulation of the students all enlivened the social studies curriculum? What? A new approach? Yes, sequential relationships of why events happen; moreover, the courses were correlated so that a frame of reference of each different course could be established. "Changing from the past methods of teaching" was the objective which sparked faculty enthusiasm and student interest.

The courses, ranging from psychology to geography, included studies in analyzing complicated reasons behind human actions, to the paintings of Rembrandt. With these new approaches, the students were presented a broadening of culture, a broadening of reason, and a broadening of values.

"TUFF" Math Classes Tackle Squiggles, Squabbles, and Squares

"Numbers are nice fellows." So agreed all students of math as they challenged another year of fractions, logarithms, and decimals. As the halls of CHS buzzed with students "speaking" algebra, calculating the probability of snow in September, and multiplying matrices by their multiplicative inverses, classrooms were occupied in playing a new math department game, "TUFF", whose name implies its quality.

During a year filled with tests, games and so-called play toys, senior math and trig students had the chance to formulate their own number system of squiggles and checks, concluding that numbers are fun, as well as educational.

Marches, "Pajama Game," and Psychedelic Flowers Add Touch of the Unusual to CHS

DURING ART CLASS, Borboro Noble puts just the right finishing touch on her entry for the "Keep Virginio Green" contest.

Psychedelic designs in flower arrangements? To add a touch of the new to CHS, art students concocted interesting "vases" of flowers to give each room a touch of the unusual in decoration. These "Picassos" also spent many hours working with friezes, posters, and paintings in various styles and motifs.

On the musical side of the Fine Arts Department, the band, with emphasis placed on the best in marching and program music, and the choral groups, striving to present music for entertainment, such as the production of "Pajama Game", and in competition, both gave programs at assemblies, football games, as well as for local and state groups.

Expansion is the key word in describing the Business Department at CHS. The number of instructors has increased to nine with the addition of two new faculty this year. A record high of 585 students, most of them juniors and seniors, took the courses offered by this department. Two subjects which were in great demand this year were personal typing and business law. Through personal typing one can receive excellent preparation for college work, and the business law classes, through such activities as visiting local court room proceedings, gave each student a better knowledge of the methods and practices used in commercial law today.

Health & Physical Education

"Physical fitness through competitive activity" was the principle aim of CHS gym classes. To achieve this goal, students participated in sports such as volleyball, basketball, gymnastics, and softball.

The girls' gym classes received a lively experience when Mrs. Cato, the new addition to the staff of gym teachers, taught the fundamentals of modern dance.

In classroom study, first aid and driving, usually taught during the freshman year, were taught to Sophomores this year due to the raising of the minimum driving age. A general health course was continued from the junior high for freshmen.

Junior and senior gym classes conducted special study on recreational games such as tennis, ping-pong, and archery which had been introduced in their freshman year.

DOES SHE OR doesn't she throw the ball? Only Jeri Oakham's gym teacher knows for sure.

DURING GYM CLASS, freshman boys enjoy (??!) an invigorating game of basketball.

FEATURES

A place for recognition of achievement—this is the Features section of the **Trucker.** Though not included as a separate part of the yearbook at first, features around CHS have always been spotlighted in some way. With the demise of baby pictures, the Last Will and Testament, and May Day, the **Trucker** gradually added our two honor organizations and honor graduates. With talent in abundance every year, dramatists at CHS have acted in such plays as "Dear Ruth" (1952), "Our Town" (1960), and "The Matchmaker" (1963). With scholastic talent in abundance, the 1960 **Trucker** staff initiated "These We Honor" in order to afford permanent recognition to those who have excelled in some field. Homecoming adds a touch of beauty as the queen, her court, and the floats help us remember the highlight of the fall. The excitement generated by the Miss Churchland Contest and the superlatives does much in making each year "That Wonderful Year".

Peggy Wittig Rules Over "Around the World" Festivities as Queen of CHS Homecoming '67

"Around the World" might seem the title to a song, but this year at Churchland it was the theme for its Homecoming. As October 20 rolled around, Joan McRae and Linda Tew, co-chairmen, saw final preparations culminate in the activities of the night which became the highlight of the CHS autumn social season. Along with the parade of the 13 floats, came a "bevy of beauties" in the form of candidates for queen and maid of honor. Perrecta's float, "Bottle Up the Patriots", got first place honors, followed by Truckers Hi-Y and FBLA. With the crowning of Peggy Wittig as 1967 queen and Donna Kirkman as maid of honor, the students, along with the classes of '43 and and '58, jubilantly migrated to the cafeteria to dance to the music of the swinging Pop Tops and Sebastian — the perfect climax to a fun-filled evening.

Scheduled Presentations of "The Loud Red Patrick"

". . . put your mother on the wall with a ruddy cannon ball," sang Don Cupit, alias Mr. Finnegan, while downing a bit of liquid refreshment in this year's Senior Class Play, "The Loud Red Patrick."

Set in Cleveland during the early nineteen hundreds, this fast moving comedy portrayed the antics of a tyrannical Irish father who tried, without success, to dictate the actions of his young daughters.

Sumner Bell, in the role of the domineering Patrick, along with the rest of the cast and crew, put on an additional performance for the benefit of a graduate who was injured in an airplane crash.

"Knowledge" of Honor Society Members Tested by Initiation of Tutoring Service

Reward for achievement? Yes — and more! Expectation? Yes— and more! But that "more" is that inner feeling impossible to express which came to 29 upcoming seniors last spring.

With selection to the CHS National Honor Society, members found that it brought responsibilities: upholding the society's four purposes . . . keeping a display case advertising their work . . . conducting a tutoring service . . . raising funds for a $150 scholarship through a doughnut sale and a coat check . . . and giving a reception for new members and parents — all done as a service for others.

'68 Marshals Assume Duties of CHS Official Hosts, Hostesses by Accepting Highest Junior Honor

. . . at a play, in the hall, they were keeping on the ball, as the Marshals went marching along!

And surprising as it may seem, those hysterical newly-appointed Marshals did go marching along to assume the dignity, poise, and charm of Churchland's official hosts and hostesses. Battling term papers and tests by day to usher at night, guiding the evaluation committees throughout the school, instructing here, directing there, and seating everywhere — this was a leisurely year for CHS Marshals.

"Who Will Wear the Glass Slipper?" Answered Satisfactorily with Crowning of Shelby Miltier as "Cinderella"

24 beautiful princesses and 12 handsome princes found themselves vying for the title of "the fairest at CHS" in the annual Mr. and Miss Churchland Contest on February 7. The girls were judged on beauty, poise, and personality. Introduced by MC Bob Gheza first in sportswear, the candidates then retired to change to evening apparel as the Village Singers entertained and the judges began their preliminary task. With the announcement of the five finalists, the emcee, assisted by mascots Fran Vaughan and Cully Arnette, asked each of them two questions. Finally Dana Ferrell and Adair Atwell were announced as first runners-up. The climax came when Gary Eley pinned Prince Charming Reggie Kirkman who then crowned Cinderella Shelby Miltier.

ORGANIZATIONS

School and community projects, doughnut sales, initiations, after-school meetings, assignments on committees — all are included in the club and organization activities of CHS. With the vast majority of students involved in one or more of these thirty-five activities, the extra-curricular program is, and always has been, important in school life. The oldest among these organizations — Varsity C Club, the **Trucker,** SCA, and Glee Club — gradually with increasing student bodies and demand found themselves joined by the **Countrymen** (forerunner of **Trucker Topics),** FHA, Pierottes (first name for the present Pierette Club), and Monogram Club. Many others were added to the club roster in the fifties, and as the sixties rolled around, there came the business clubs, an expanded music organization, language clubs, and the newest, Art and Gymnastics, this year. With so many activities, each Trucker can readily find something extra to do and much to be learned outside of class.

SCA Objectives Focus on Increased Participation by Student Body

"We must increase student participation! We must decrease student apathy!" Activated by these two thoughts, the SCA met the new year with vigor and zeal.

Flocks of new ideas — a blazing bonfire . . . Teacher Appreciation Week . . . an Orientation Social Hour for new students . . . tidying up of the school for evaluation; revitalization — a Domestic Exchange Program . . . a patriotic Americanism Week. Four dances with top local bands highlighted the social activities of the SCA. The adoption of Leung Chi Keung in Hong Kong was a gratifying welfare project.

Through co-operation, increased activity, and execution of their many projects, the SCA reaped a harvest of dynamic enthusiasm.

Welfare Committee Members Contribute to Community-Working on March of Dimes Program

Who but the committee members and welfare representatives make new students feel welcome, make parking signs for the faculty and keep the school grounds neat both inside and outside? Who had it organized so that students could plan their own lunch menus, organize assemblies, keep bulletin boards up throughout the entire building, and compile a scrapbook of all memorable happenings throughout the whole year?

Naturally, the committee members and welfare representatives. The welfare representatives, aided by their individual homerooms, successfully carried out various drives, including "Operation Shop Early," and Thanksgiving and Christmas campaigns. The committee chairmen put into effect an "open committee system" whereby any student has the opportunity to participate on an SCA committee and thus gain experience in the working of their student government.

Trucker Staff Spends Myriad of Hours to Meet Monthly Deadlines

"Hurry! Hasten! Hustle! This deadline must be met!"

Spirited and enthusiastic, the staff prepared to make the silver anniversary of the **Trucker** worthy of this longevity. Ads amounting to over $1900 and subscriptions totaling 74% of the students sparked the 25th **Trucker** year. The purchase of a Photomat Picture Copier simplified developing of the hundreds of pictures. The familiar counting of headlines and copy spaces . . . writing and rewriting of copy and captions . . . co-ordinating and balancing of page layouts . . . taking and retaking of pictures all accumulated into an untold number of hours spent daily in room 116 after school.

COUNTING HEADLINES IS only one of the numerous tasks that Co-Editors Richie Stallings and Nancy Ware find to do among the mony hoir-pulling jobs of putting together the **Trucker.**

"LET'S SEE, NOW. I used to know the home row keys pretty good," contemplates Jane Moody as she carries out her duties of **Trucker** typist.

"I REALLY THINK o full page picture of the saphomore closs president would look great, Mr. Moore," comments Jimmy Morgon os they look over the saphomore section.

Changes in Style, Reduction of Columns Make Topics End-of-Month Happening

MEASURING SPACE FOR page design, Journalists Julie Savage and Robbie Strickland execute a job that occupies many of the staff of **Trucker Topics.**

"JANICE, PASTE DOESN'T go on both sides of the picture," exclaims Debbie Lawrence to Janice Moore as they work on layouts and design for the monthly edition of the school newspaper.

What could this be? "Our highly skilled and intelligent personnel are eagerly waiting to serve you." Sure, it's the **Trucker Topics** busy headquarters! Staffed with diligent workers, this year's newspaper kept the students informed of CHS events.

Headed by Janice Moore, editor-in-chief, the staff consisted of some thirty-five reporters and editors, all eager to report happenings of Trucker life.

Some minor changes were made in the paper this year. The number of columns was reduced from five to four upon the suggestion of a professional newspaperman. Also, small secondary headlines, called "kicker lines", were used for the first time, greatly improving the appearance of the monthly edition.

The "Letters to the Editor" column, introduced last year, proved popular as a "suggestion box" for students. Improvements like these made **Trucker Topics** an end-of-the month happening in CHS life.

White-Clad Roman Spirits Concentrate on Fun and Festivity During Latin Holidays, Olympics, Banquet

"Who's that yonder dressed up in white?" was a familiar cry around the halls of CHS as the modern-day Roman spirits (alias **Societas Discipulorum Latinorum**) congregated in the auditorium to invoke favorable signs from the ancient gods.

Meeting only four times during the year, the Latin Club, which is affiliated nationally with the JCL, put aside all claims to seriousness and concentrated only on fun and festivity. The year began with the election of Fred Babbitt as consul. The celebration of Saturnalia, in honor of the god Saturn, and exchanging of gifts highlighted the December meeting. At the February meeting, club members traded Latin valentines. In memory of Julius Caesar, the Latin scholars met and "solemnly" commemorated the Ides of March. The year ended with a banquet in true Roman tradition.

French Cuisine for Annual Spring Banquet

From the moment Brenda Jackson, president, started the first meeting to the annual banquet in the spring, the French Club was filled with fun and excitement. Songs in French and speakers on France and its customs filled the agenda.

This year the meetings were conducted in French as they have been in past years. A new addition was the reading of the invocation in French by Betty Ann Carty, chaplain of "le cercle francais".

In the spring, the French-speaking Truckers tried their hand with Parisian cuisine. They donned their chef's hats and whipped up various kinds of delightful salads, vegetables, casseroles, and desserts for this touch of Paris at CHS.

"Hablas Espanol?" If so, you are right in step with some seventy-five other Spanish-speaking club members. Fiestas, pinatas, "muchos vendedores" and "muchas time" was very wisely spent by all of the "muchachos y muchachas" eager to put some fun into learning. Once a month, speakers and films were on the agenda to show and explain the lives and customs of the Spanish-speaking people. The object of the year was to hold "un gran banquete" for the election of officers. There, surrounded by all imaginable gaity and "tradition", a true Spanish "cena" was served. With plans brewing and high expectations, the banquet brought the club's year to a close.

Films, Discussions Provide CHS Germans with Glimpse of European Culture

"Achtung! Achtung! All people who are interested in forming a German Club please meet in room 206 next Wednesday." With German on CHS's agenda for the second year, the old and new students assembled eagerly.

Through the experience of Mrs. Katz, the sponsor, with the people of Germany, research done by some individuals on German schools, and some films of German life along the Danube, the students increased their knowledge of the people and language of Germany. Everyone added thoughts to the discussion of a typical German Christmas party, during which a few put on a skit.

Three Main Projects Take Future Homemakers to Local Hospital Halls, Home for Aged

Concentrating on service, FHA's welfare committee devoted itself to three main projects. At Halloween favors of candy were distributed to hospital patients. Caroling at the Home for the Aged displayed the FHA's Christmas spirit, and February found these "homemakers" going through the hospital halls again, distributing valentine baskets to the patients. FHA members served refreshments to the parents after "Back to School Night", and they took their annual trip of VEPCO in the spring. Bake sales headed the money-making projects.

FTA Members Guide Misguided Parents on Back to School Night

"Look, I found one!" was the cry that the FTA members often heard at the Easter egg hunt they sponsored for the young students at Churchland Academy and Elementary. Selling pom-pons and Churchland pencils helped the girls earn money needed to sponsor this project and others such as a tea for the faculty in February.

On "Back-to-School Night", the girls stationed themselves throughout the halls of CHS to direct parents, who weren't trying to skip class, but momentarily bewildered.

Each month the FTA recognized outstanding teachers by selecting a teacher of the month, and finally the teacher of the year.

Tours, Trips, Lectures Formulate Prescription for Medical Career

Sick of the sight of blood? Not the Churchland High School Medical Club—or so they'd have everyone in school believe!

All of CHS's future doctors, technicians, and nurses plunged into its first full club year with the hope of learning as much about medicine as they possibly could. Hospital tours, field trips, and lectures all "formulated the prescription" for deciding upon some phase of medicine for a career.

Although relatively new, the CHS club boasted a membership of all four of the classes. Basing its origin on common grounds and interests, through unanimous acceptance, the Medical Club emerged to assume the role of the Kildares and Caseys of Churchland High School.

With the younger generation in mind, the Science Club of '68 made strides to emphasize the basics of science to both Churchland Elementary and Churchland Academy. They showed biological exhibitions at each, and set up a primary science organization at Churchland Elementary. Club participants eagerly cleaned the science laboratories for evaluation. Probably the most stimulating of the club's activities were excursions to the Smithsonian in Washington and the local GE plant.

Solutions for Federal Controls and Crime: Object of Debate

The fight against crime was in full swing this year! Leading the Truckers into battle were the debaters who upheld honors with other schools at tournaments. Amid some hot and heavy "fights", they sought solutions for federal controls and criminal procedures. The battles, won and lost, added both experience and enrichment.

The discussions at Charlottesville, the tournaments, home and away, and plenty of hard work all provided the debaters with the opportunity to sharpen wits.

Again coached by Mrs. Smith, the debaters argued their way to several victories.

Lacking enough members to hold separate meetings, the CHS Thespian Troupe met with the Dramatics Club this year. During these monthly meetings, several members presented short plays to the large number of members attending.

Under the direction of Mr. Lewis Gwin, the dramatists displayed talent in a one act play before the entire student body, and they prepared a festival play for competition at Frederick College.

In addition to these activities, the two organizations took several side trips, including one to the Stage Door in Norfolk to see the musical comedy "How to Succeed in Business without Really Trying."

Helps Sharpen Skills, Knowledge of Business Students

Trucker life gladly welcomed back an "old" club into its ranks this year with the re-activation of the Future Business Leaders of America. With Dawn Decker at the helm and Miss Armistead as sponsor, the business students prepared to sharpen their skill and knowledge of the business world.

The Deep Creek chapter of the national organization of Future leaders sponsored the Churchland branch in becoming a member. The club worked hard this year in preparing their business skills for competition with other clubs.

Top-Notch Organization

Spurred by the vigorous Tidewater Industrial Co-operative Training rally held in November, Churchland's own ICT members began the year with top notch organization. The students performed many programs ranging from the visiting of a convalescent home during Christmas to the washing of blackboards for CHS teachers.

February was a month of planning, anticipation, and jubilance since this was the time for the ICT district contest. Members, too, submitted entries in mechanics, job interviews, and poster competition. Having kept a complete tally sheet of its activities, the ICT club was thus eligible for the Honor Club Council Award, given to the best club in the area.

The Employer-Employee banquet capped off a year which brought valuable experience for post-graduation opportunities and weekly pay checks that made their school life "just a little bit better."

Members of the Distributive Education Club became known as "those VIP's who leave school after only a half day;" however, during their afternoons absent from school, the students earned extra money by working diligently at part time jobs. Through the DE Club, members all learned how better to apply themselves to their jobs and how to take part in job interviews.

In the spring CHS was represented at the district DE convention as members competed with the other area schools for high ratings in fields such as spelling, public speaking, bulletin boards, and job interviews. For state competition, the club submitted a manual that classified their achievements, and they chose one boy and one girl to represent CHS in "student-of-the-year" competitions statewide.

Spirited members of the Pep Club took part in a donut sale of 900 dozen to help boost their treasury this year. Canned Food, Toys at Thanksgiving, Christmas Help Truckers Hi-Y Carry Out Service Projects

"Who's responsible for posting the next home basketball game in the gym?" Well, Truckers Hi-Y fulfilled this obligation as well as numerous other school functions.

Beginning with the election of new members and the selection of Cheryl Wilkerson as sweetheart, the Truckers, under the leadership of Tom Pearson, maintained a busy schedule. The club seized second place during Homecoming with their float on "Russia." As a community project, boxes of canned food and toys were distributed at Thanksgiving and Christmas time. They also participated in cleaning the school for the evaluation committee. By the concerted efforts, the club remained one of the most active organizations at CHS.

Pledges Honor Big Brothers with Gum, and "Yes, Sir"

Initiation of new members, collecting dues, getting ready for the "Snowball" all were a part of Dick Shea's activities this school year. Due to the fact of a large number of boys trying to get in Dick Shea, only twelve boys were selected as pledges for the club. The new members served a two-week pledge period. During this period the new members gave out gum, carried trays, and addressed the old members with "Sir." To raise money for the club, selling bows was carried out. Contributing to the Thanksgiving and Christmas drives, and helping needy were all a part of the year's work.

Preliminary Program on Parliamentary Procedure Sets Pace for Participation in Discussions

With a program on parliamentary procedure, the members of Churchland Tri-Hi-Y started the year off in an "orderly" fashion. By selling bows and making posters for the halls, the club contributed its share to publicizing YMCA week. The club was responsible for giving devotions during first and second lunch halves.

Special parties were also in "order" during the year as the girls dressed in costumes for Halloween and exchanged gifts for Christmas. The year ended in fine style with the "Miss Churchland" Contest.

CEM Members Find Joy through Entertaining Boys from Portsmouth Home

"I move we make puppets for the children's ward at Maryview."

"I second it."

"All in favor raise your right hand. The motion is passed."

Thus began CEM's industrious year. Time evaporated at the Portsmouth Boys' Home by entertaining the boys. Doughnuts and candy sales bridged the gap in the treasury.

But all work and no play would make CEM a dull Tri-Hi-Y. Fortunately this was not the case. Socials enlivened the year and brought memorable occasions.

CHS BAND LEADS a spirit cheer during the first pep rally.

"Let's take it again." So began each day in the CHS band room as Mr. Mitchell led his music-makers through tedious, but rewarding, music practice sessions. The results from such hours of hard work and long rehearsals gave a feeling of accomplishment to both band members and students alike. But this was only a very small part of the band's varied activities for '68.

In addition to its participation in several community functions, the band provided musical entertainment for many phases of Trucker life and times, such as football games, pep rallies and assemblies. Proficient enough to play even the most difficult grades of music, the band also exhibited its skill through seasonal concerts in the fall, winter and spring.

Cherry Blossom Festival Product of Hard Work

In the fall, the band members trudged through dewy grass and mud during first period as they practiced marching formations on the football field. On Friday nights these music-makers had the opportunity to display their talents during half time activities at all football games.

After presenting a winter concert, the band members raised money by various projects so that they could attend the Cherry Blossom Festival at Washington, D. C. in April. Following this, the band performed in a spring concert and a Memorial Day Parade.

MR. MITCHELL INTRODUCES the band at the Fall Concert as the members calm last minute jitters.

Choral Department Comes "Up, Up" with New Ideas for Projects

"Up, Up, with People" started the year rolling for the chorus in its first "Sing-Out." But Mr. Barnes came "Up" with new ideas! Special singing groups represented Churchland well throughout the community. Its annual Christmas concert and a civic Lancaster Memorial Concert brought pleasure to the holidays. With a change of season came the annual Spring concert, All-Regional Chorus, and Churchland's second musical. Finally the choral department summed up its harmonious year by participating in a "Watergate Concert" for the public.

ATHLETICS

An outstanding football season? What else than 1967 when the Truckers became the champions of the new Southeastern District. But what about the '54 season with the team's unbeaten, untied, unscored on record? Or the girls' basketball district and county championships of the late fifties? For twenty-five eventful years CHS teams have consistently shown their athletic prowess against formidable opponents. Adhering to the standard of "fair play and play hard" of the '44 teams, Truckers have always let others know of their pride in CHS and their inborn drive that sparked each contest. Each year always produced some games to remember, such as the basketball game with Franklin in 1955 when the Trucker five scored an all-time high of 110 points, or that heart-breaking 29-26 football loss to Princess Anne in 1965, or 1952 when the basketball team chanted "On to Blacksburg" as the district champions? How sweet it all has been!

Kirkman, Taylor Chosen All-Tidewater as Truckers Complete 7-2 Season, Becoming First Champions of Newly-Formed Southeastern District

Churchland placed two players on the All-Tidewater team as they became the first champions of the new Southeastern District. The selection of Reggie Kirkman and Chasper Taylor for this all-star team capped a season which saw the Truckers defeat rivals Wilson and Great Bridge while losing only two of their nine conference games.

At one time ranked fourth in the state, Churchland remained in the running for a berth in the Eastern Regional playoff throughout the season until they were eliminated by Cradock in the final conference game of the year.

Front row: Rabbie Stricklond, Sonny Jernigon, Fronk Parks, Dona Ferrell, Reggie Kirkmon, Bobby Arnette, Donnie Tuttle, Jim Shepherd. **Second row:** Mike Preos, Penn Rogers, Alton Brinkley, Alon Legronde, Ricky Dingus, Steve Bristow, Jeff Mantz, Bob Woolard. **Back row:** Ed Chonnel, Jeff Brown, Mike King, Sandy Terry, Lynn Torkenton, Lee Runyon, Donnie Lovell, Grant Parker. **Standing:** Bobby Willioms, Glen Kersnick, Rannie Psimas, Keith Buchonan, Eddie Howks, Chosper Toylar, Mike Kemp, John Woodord, Chris Jocobsen, Leroy Coppedge, Andy Constontinides, Jimmy Jones, John Cowhig, Steve Kersnick, Henry Pinner, Lee Pearson, Randy Sawyer, Timmy Engel.

ANDY CONSTANTINIDES (25) CARRIES the ball alang with Winslaw Stillman (49) and two teammates far a first dawn against First Calanial.

CHS-20

Wilson-13

The ability of Churchland's defense to contain Wilson's Walt Tobler, the All-Tidewater quarterback, proved decisive in stopping the Presidents, 20-13. The Truckers stunned Wilson twice in the first six minutes of the game with a 5 yard run by Steve Bristow and an 80 yard punt return by Chasper Taylor. The Presidents rebounded in the second half scoring twice to put the game in a 13-13 tie. Churchland's final drive covered 71 yards and ended with Taylor's 6 yard scoring plunge with thirty-seven seconds remaining.

CHS-33

Deep Creek-7

Speed proved more important than size as the swift Trucker attack overran the weighty Deep Creek Hornets, 33-7. Churchland blasted the Hornets with scoring runs by Donnie Lovell and Chasper Taylor and touchdown passes from Lovell to Taylor and Bobby Arnette. Sonny Jernigan led the Trucker defense with 2 interceptions as they held the Hornets, giving up less than 125 yards total offense and a single touchdown on a 63 yard sprint by Jim Rice in the final quarter.

CHS-47

Indian River-0

Churchland, displaying a crushing offense, opened its season with a 47-0 romp over the Braves of Indian River. Scoring at least once in each quarter, the Truckers dominated the entire game. Chasper Taylor, scoring on runs of 7, 19, and 67 yards, proved to be Churchland's most explosive weapon, while the Trucker defense, led by Dana Ferrell's three interceptions, held the Braves to less than 110 yards total offense in their first game in group 1-A play.

ALAN LEGRANDE (33) LEAVES Indian River's Pete Murden (43) and Babby Wall (60) in a claud af dust as he heads araund the end far a substantial gain.

DONNIE LOVELL (19) RARES back to pass, unaware of the Princess Anne defender closing in from behind.

CHS-54

Great Bridge-21

The Wildcats of Great Bridge came to Churchland expecting to obtain their twelfth straight victory over the Truckers. After a reasonably close first half, the Truckers exploded in a flurry of touchdowns that continued until Churchland won 54-21. Alan Legrande and Donnie Lovell spearheaded the attack, each scoring three touchdowns, while Chasper Taylor stunned the Wildcats with a 40 yard scoring romp in the third quarter and a 55 yard pass reception from Lovell in the final period. Jeff Brown's third quarter interception proved to be the turning point of the game.

CHS-20

Princess Anne-27

Undefeated Churchland traveled to Princess Anne to meet the Cavaliers in what proved to be their most important game of the year. The Truckers drew first blood on a 71 yard touchdown pass from Donnie Lovell to Bobby Arnette. PA rebounded immediately with a 56 yard touchdown pass. The two teams traded touchdowns in the second quarter and Churchland led at the half, 14-13. After a scoreless third period, PA scored on a 1 yard run by John Kiefer. With four minutes left in the game, Churchland tied the score, but in the remaining time, PA drove 63 yards to a last minute tally and a 27-20 victory.

CHASPER TAYLOR (10) IS pulled to the ground by First Colonial's Winslow Stillman as Rabbie Strickland (74) moves in to eliminate David Gawrys (61) from the play, and Andy Constantinides (25) examines the quality of First Colonial spikes.

CHS-19

Granby-14

Overcoming a fourth quarter Granby rally, the Truckers defeated the Comets, 19-14. Less than two minutes into the game, Chasper Taylor made a 67 yard punt return for a quick touchdown. Donnie Lovell threw his sixth touchdown pass of the season, a 66 yarder to Bobby Arnette. Lovell later ran the final 3 yards in a drive sparked by a 35 yard Taylor run. Then, in the final quarter, Granby's Junior Montoya made a last futile effort by passing for two touchdowns. By controlling the football Churchland insured its win.

CHASPER TAYLOR (10) IS slowed down by Mike Hillinch (72) while Doug Lawrence (11) and Glen Brawn (33) move in to finish the tackle, during the Deep Creek game.

"COACH BRANDRIFF ALWAYS gets to speak first," complains defensive coach Mr. Betts, as Mr. Burton, line coach, daydreams during Churchland's last pep rally of the year.

CHS-6

First Colonial-0

Churchland struck quickly for the only score of the game to defeat First Colonial 6-0 before a large homecoming crowd. A key sprint by Alan Legrande led the Truckers on a 78 yard march which was climaxed by Chasper Taylor's 30 yard touchdown run. First Colonial retaliated with a 46 yard kickoff return by halfback Don Bradley. What had been predicted to be an offensive game turned into one of tight defenses. The Truckers threatened once more on a 58 yard ramble by Taylor, but two plays later a fumble was lost.

ANDY CONSTANTINIDES (25) BREAKS into the First Colonial backfield before he is tripped up by Clinton Groves (20).

FIRST COLONIAL'S LES Whitehorn (11) finds the going rough as he is stopped by Steve Bristow (24) while Dano Ferrell (31) and Lee Runyon (41), move in to assist on the tackle.

CHS-26

Oscar Smith-6

Churchland clinched its first district I-A football title with a 26-6 win over Oscar Smith. The fog that set in did not dampen team spirit as the Truckers became the first champions of the newly-formed Southeastern District. Scoring on two touchdown runs of 15 yards and 3 yards, Chasper Taylor raised his point total to 90 points. His 108 yards rushing raised his total to 910, best in the Eastern Region. Churchland's defense allowed only one Oscar Smith score and forced two fumbles and four interceptions.

CHS-13

Cradock-31

The final home game of the season brought unexpected problems, as the Cradock Admirals upset Churchland, 31-13. The Truckers were stalled early in the game as their first drive ended on the five yard line. Four plays later, Cradock scored as Willie Dunlow raced 83 yards for an Admiral touchdown. Dunlow scored once more, while Earl Chinn tossed three touchdown passes, all to Johnny Hale. Chasper Taylor ended two Churchland drives with scoring runs, while fullback Alan Legrande ran 12 times for 72 total yards.

CHS-0

Wilson-6

Meeting for the second time of the season, Churchland suffered a 6-0 loss to the Wilson Presidents. Rescheduled from Thanksgiving Day to the next night, the non-conference game was played on a muddy field in torrents of rain. The only score of the game came on a 69 yard pass play from Walt Tobler to Thad Parsons. With passes to end Bobby Arnette and back Jeff Mantz, Steve Bristow moved the Truckers to the one yard line as the half ended. The second half was scoreless as the defensive game predominated.

Junior Varsity Team Boasts Five Wins as Best Season Record

JERRY GAINES (40) LEAPS to pull in the pass as it sails over the head of a Lake Taylor defender.

History was made in baby Truckers' schedule! The losing streak that had plagued JV teams of the past finally ended with the young squad boasting a successful five and two record. Coaches Bill Knowles and Bill Sechrest did an outstanding job preparing players for future varsity teams. Much credit for the winning season should be given to high scorer George Henderson and to place kicker Zene Fearing, as well as backs David Dorsey, Jerald Gaines, and Dennis Garrett. Dennis Cowhig, Ronnie Dashiell, Tom Scott, and Gary Chantry proved to be very aggressive linemen.

New Cheers, Winning Seasons Help Varsity Cheerleaders Bring Students to "Pinnacle of Pep"

THE CHEERLEADERS WATCH as the football captains "pull for our team."

The long hours of practice, both during the summer and after school, paid off for the varsity cheerleaders as the student body reached a "pinnacle of pep". Boosted by new cheers and our winning seasons, the girls led the spectators in their loud backing of our teams.

Whenever they weren't cheering or making pep signs for the halls, our cheerleaders were busy with car washes and other money-raising activities. The proceeds from these drives went toward the purchasing of the new bermuda outfits which the girls wore to track meets.

Between cartwheels at basketball games and the ever-present "rahs" and "rays," the JV cheerleaders evoked greater interest in junior varsity athletics. Throughout the football season they made player tags, hall signs, and cupcakes for the team, and finally led a JV pep rally. At Homecoming these girls rode around in little wagons, and at the other football games they sold programs and led cheers from the stands. Donut sales provided the funds for new culotte outfits which brought a new look to basketball games.

Jim and John Link Earn Twin Trophies by Pacing Cross Country Team

While compiling a total of seven first place finishes between them, Jim and John Link led the Trucker cross country team to its best season on record. Losing only two of their dual meets and one of those to the Old Dominion freshmen, the team swept through seven meets and won by an average of 27 points.

The team finished second in the Southeastern District meet, sixth in the Eastern Regional meet, and fifteenth in the State meet.

Unable to choose between John and Jim for recognition as most valuable, Mr. Burgess climaxed the season by giving both trophies.

Ricky Richardson Leads Truckers against Cradock, Wilson as He Becomes Most Valuable Player in Southeastern District Tournament

"We're number one", shouted the Trucker fans as the Varsity Basketball team swept through seventeen regular season games, losing only to Cradock. The Trucker five, despite predictions of a so-so season, captured the Southeastern District title by defeating favored Great Bridge twice and arch-rival Wilson three times, thus ending the season with the best district record.

After defeating a stubborn Cradock team in overtime, the Truckers took first place in the District Tournament and seized a berth in the Regional by beating Wilson.

In the Regional play, Churchland showed great ability before bowing to heavily favored Maury.

Experience, Strategy Stressed as Jayvees Compile Record of 10-8 Against Formidable Teams

Knowing that next year's varsity team would be built by this year's Junior Varsity, game experience became the main strategy for the new season. Under the new coaching of Mr. Griffin, the team compiled a reputable 10-8 winning record. The JV's showed definite progress as the season unfolded, as Steve Tuttle's ball handling and Lee Pearson's rebounding proved to be very useful in piloting the team to impressive wins over Cradock, Indian River, and other District teams.

With an eye to next year, the JV Truckers came to realize with each game that team play, not individual effort, was the key to success.

Lead Determined Indoor Track Team to 5-1 Season

TIMMY ENGEL SHOWS perfect farm while clearing the high jump bar at 10 feet.

Determination proved to be the key to a successful 5-1 season, as long hours of practice led to new records. Caleb Powell broke the district record for the triple jump and the school record for the broad jump, while teammate Jim Link set a new school mark for the 500 yards. At the district meet the Trucker trackmen took second place, paced by Chasper Taylor, the individual high scorer of that contest. Led by Caleb Powell's third in triple jump and fifth in the 50 yard dash, the team earned a ninth place ranking at the state indoor track meet.

JOHN LINK HUFFS and puffs as he raunds the last carner af the 800 yard run in first positian.

"HERE TAKE THIS" cries Caleb Pawell while handing the batan ta relay teammate Chasper Taylar.

Tarkenton, Ferrell, Richardson Lead Trucker Hurlers as CHS Baseball Team Tries for "Clean Sweep" in Southeastern District

"We won in football and basketball, now we want the District's best baseball team, too." shouted Trucker fans, hopeful of a "clean sweep" in the district this year.

Mr. Knowles, as new coach of the team, said, "They can win as many as they want—no more, no less," just before the team proved his words by rolling over Hampton in the first regular season game 6-2.

Churchland boasted a particularly strong pitching staff, led by returning lettermen Dana Ferell and Ricky Richardson and Lynn Tarkenton, a promising newcomer, while Donnie Tuttle provided the needed power with the bat.

DONNIE TUTTLE LINES the ball down the third base line for a hit against Hampton.

Front row: Zene Fearing, David Dorsey, Jerald Gaines, Joe Carroll, Ricky Dingus, Dudy Rountree, Randy Michie, Keith Buchanan. **Middle row:** Randy Goncalves, Gerry Mountcastle, Dana Ferrell, Tom Weatherford, Donnie Tuttle, Reggie Kirkman. **Back row:** Mr. Knowles, Herman Austen, Ronnie Albertson, Mike Dorsey, Steve Tuttle, Jeff Brown, Ricky Richardson, Tommy Kittrell, Lynn Tarkenton, Steve Bristow, Lee Hodsden, Pete Mills.

LYNN TARKENTON SHOWS his winning style in delivering one of many pitches against Hampton.

DUDY ROUNTREE SHOWS his obvious approval after lining the ball past third base for a hit.

RICKY RICHARDSON GRABS the ball for a force out against Hampton, while Lynn Tarkenton looks on.

"LOOK UP IN the sky! It's a bird! It's a plone! No, it's Superman!" shouts shot putter Andy Constantinides.

JOE LITTLE LEAPS high to clear high hurdle at lightning speed.

Ability and Hard Work Result in Winning Track Season

Penetrating skill, ability, and experience strengthened the outdoor track team. In March there was a large turnout of veteran runners and jumpers who had gained added proficiency during the indoor season. Among the many returnees were Andy Constatninides in the sprints, shot put, and the discus, and Caleb Powell and Chasper Taylor in the jumps and sprints, also. The more experienced runners included Jim Link in the quarter mile, John Link in the mile, and Paul Reitz in the two mile marathon. For the first time a regional track meet was held in addition to both city and state meets.

JIMMY WETMORE STRAINS and kicks ta clear 10 feet while pale vaulting.

Kneeling: Gory Chontry, Glenn Rauntree, Keith Mothews, Steve Schiemonn, Lee Byrne, Bobby Freemon. **Sitting:** Jimmy Jones, Ed Channel, Andy Canstontinides, Lannie Ayers, Wayne Murphy. **Standing:** Mike Preas, Jimmy Wetmore, Chris Jocobsen, Timmy Engel, Ronnie Psimas, Babby Willioms, Dennis Gorrett, John Woodord, Steve Preas.

Golfers Stand Out on Links With Plaid Pants, Turtlenecks, Red Sweaters'

When asked about how well this year's golf team would compare to other district teams, Mr. Howard, golf team coach, stated that it would depend, for the first time, not on his top men, Lloyd Liebler or Grant Parker, but on the play of the remaining two. Most of the pre-season practice sessions both during sixth period and after, were concerned with the choosing of the members who would fill these slots.

To add a bit of the unusual, the golfers decided on a "uniform" to set them apart—plaid trousers, red sweaters, and trutleneck shirts.

Front row: Stuart Fleming, Kenny Kastner, Russ Dixan, Marshall Fleming. **Back row:** Bernie Ward, Joey Raymond, Mike Hancack, T. J. Wright, Jeff Stanley, Grant Parker, Lloyd Liebler.

LLOYD LIEBLER PREPARES to blast out of the sand on the eighteenth hole.

GRANT PARKER STEADIES himself for his final putt at Elizabeth Manor as Bernie Ward holds the flag.

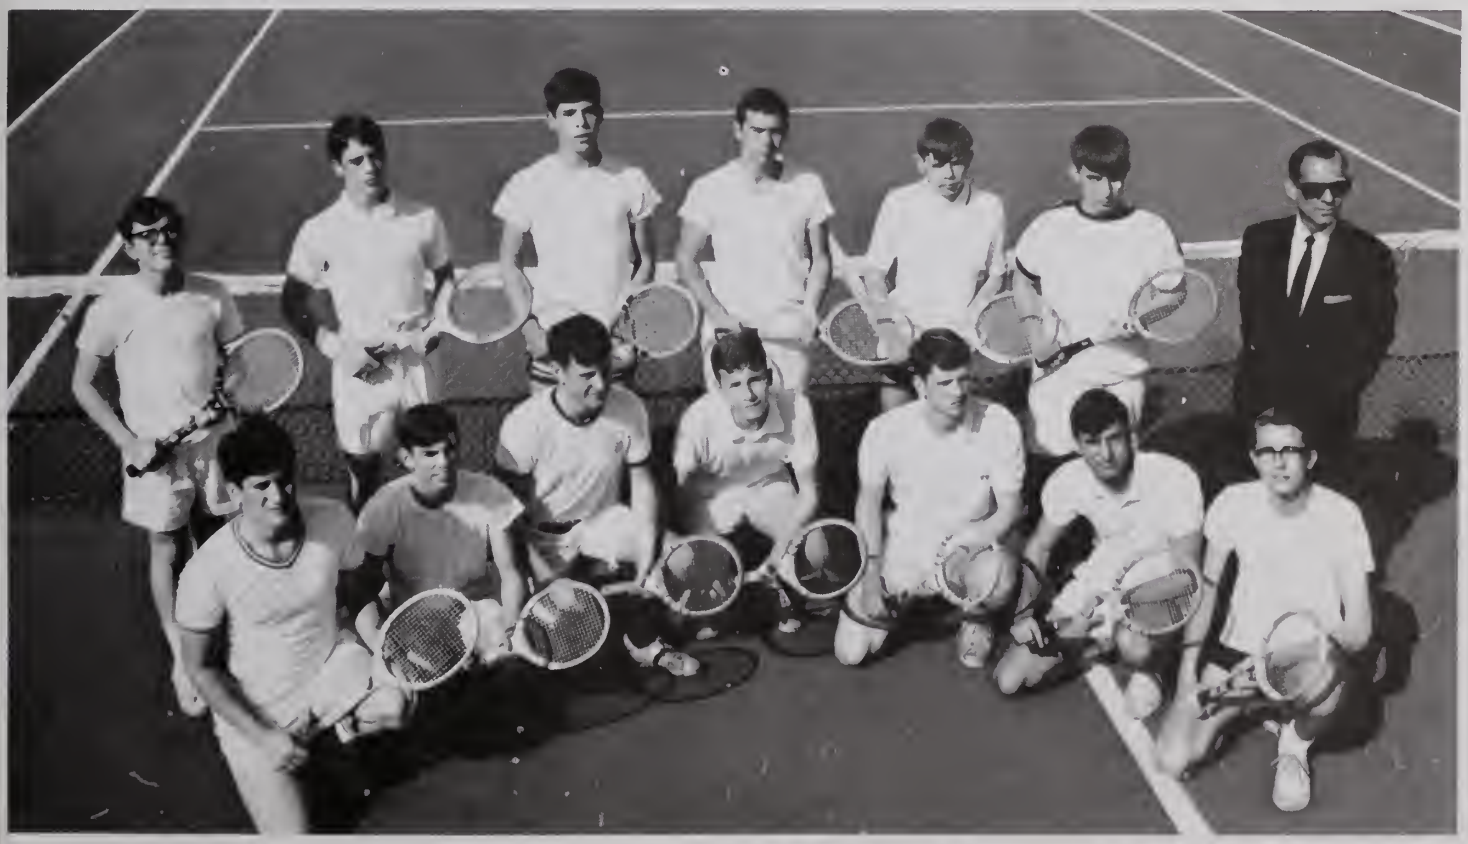
Repainted Courts See Much Action as Netmen Strive to Outdo 7—3 of '67

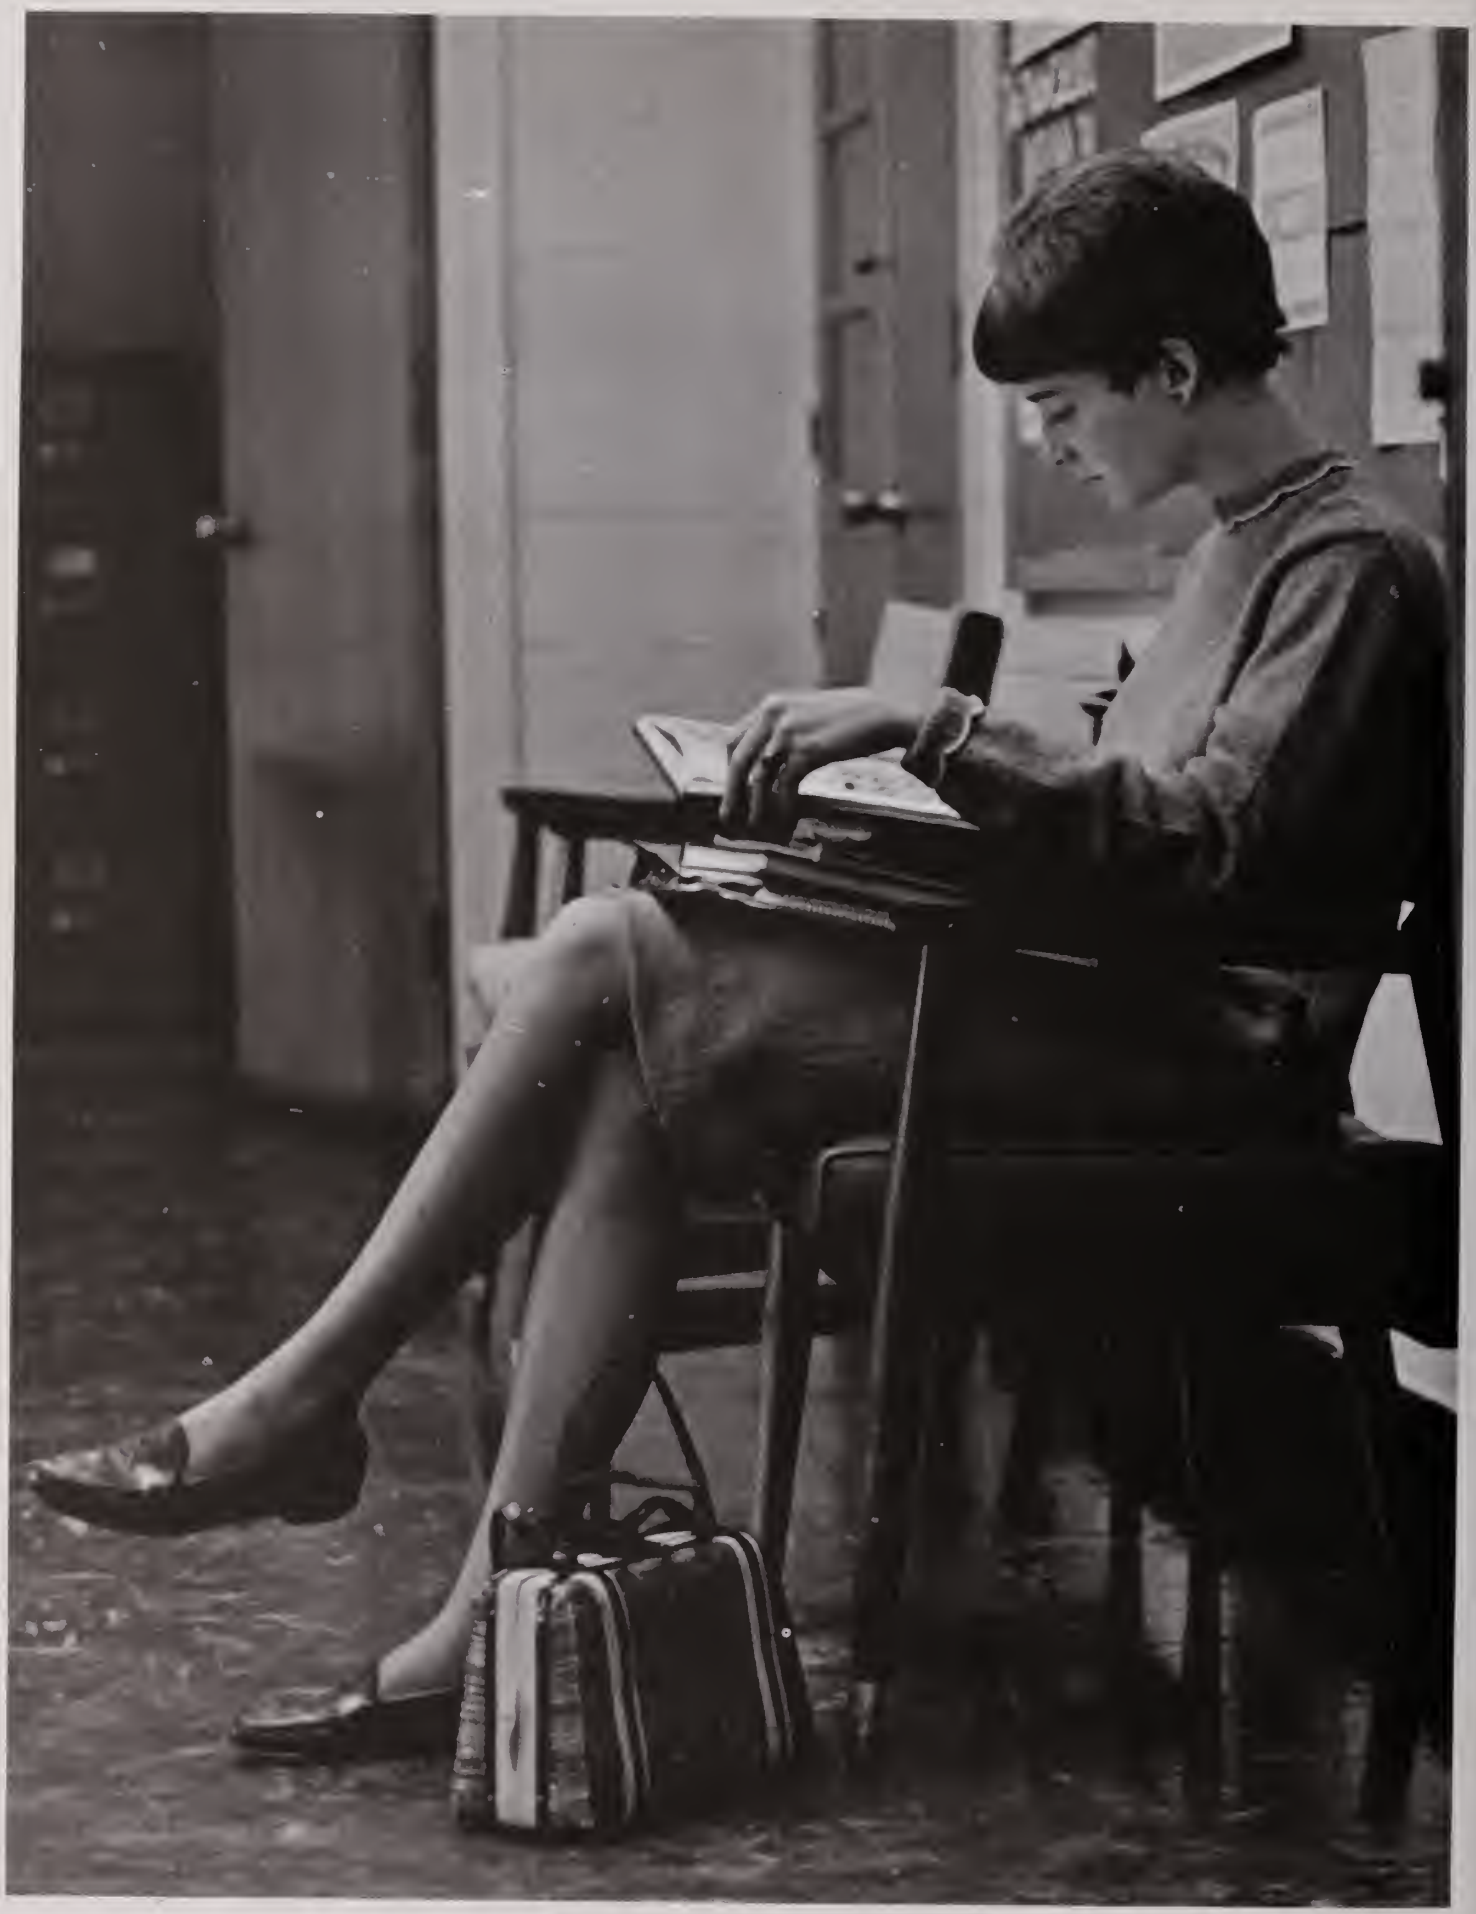
JON BLANKENSHIP PREPARES a smoshing forehand shot to raise the score to 40-lave.

Spurred by last year's 7-3 record and six veterans, the Trucker netmen ranked high on the list of contenders for the Southeastern District title. This year's strength lay in the first four men, Ben Edwards, Barry Katz, Bobby Kastner, and Jon Blankenship. The team had much depth, also, with "some promising candidates which included Hal Higgins, Harry Laderberg, Matt Lipman, and Roger Allen."

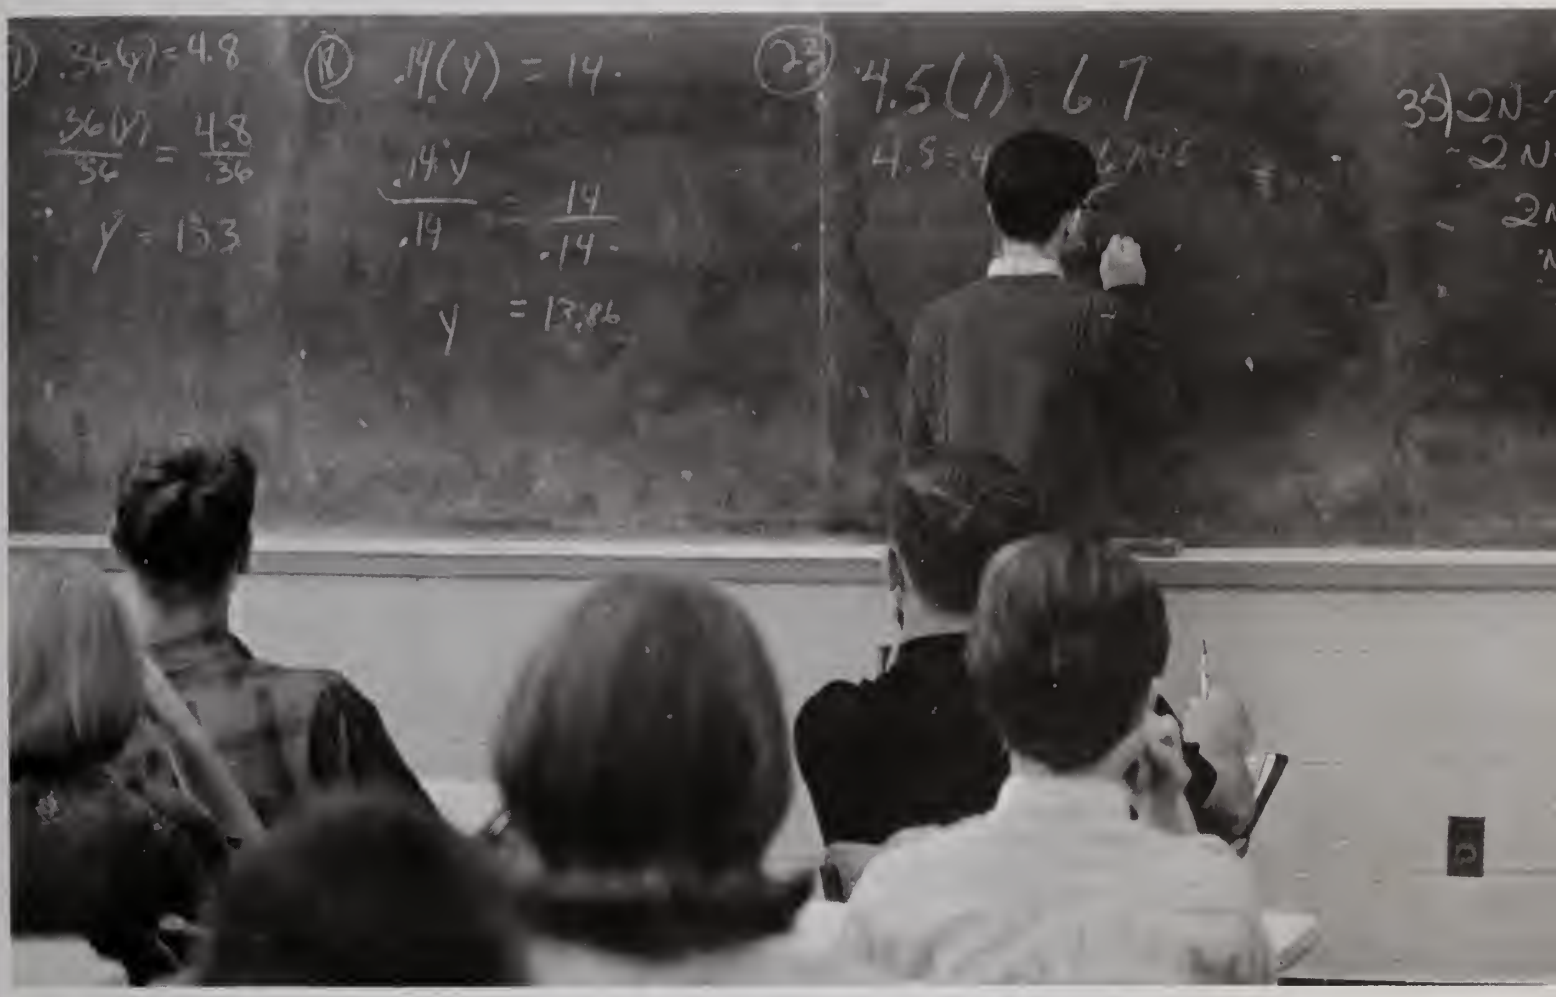
Besides their top season with Wilson and Cradock as their toughest opponents, they left a "lasting impression" on the courts by giving them a new coat of paint.

Kneeling: Mott Lipman ,Hal Higgins, Babby Kastner, Ben Edwards, Jan Blankenship, Borry Katz, Lorry Bridgham. **Standing:** Harry Laderburg, Richord Cardon, Fred Bobbitt, Leon Levinson, Roger Allen, Eddie Berdick, Mr. Tyson.





CLASSES



From a graduating class of 65 in 1944 to an all-time low of 8 seniors in 1951 due to the transition to a twelve grade school, CHS classes have grown to the point of having 275 Truckers as graduates this year. With each school term and each graduating class, came new ways of doing things, new fads, and new faces. Styles have run the gamut from painted glasses, sloppy socks, and colored shoestrings of the Truckers in 1944 to the psychedelic designs, monogrammed sweaters and mini-skirts of 1968. All innovations for the better? At the time, each new trend or fashion was "in" for that year, but each following year saw the last year's fads as almost belonging to "the dark ages". Just as dance steps changed from the jitterbug to the twist to the frug of today, so faces changed as freshman entered the halls of CHS as full-fledged Truckers. Lowly frosh, wise sophs, "cool" juniors, mighty seniors — all members of our home away from home.

Frosh Become Acquainted with CHS as They Face Full Force of Initiation

"I don't know how I can make it past this first week" was the familiar cry of the 395 dazed freshmen. Entering the lowest rank of CHS was a dreadful chore as the Class of '71 rolled pencils, carried trays, and polished senior rings for the first several days. With the chores so came the rewards: entertainment at the assemblies, the chance to compete in sports, arousing of school spirit at pep rallies, and joining clubs—the freedoms only given in high school; but the best reward of all was being part of CHS traditions. By the year's end, the frosh had met their initial challenge of high school life and the Class of '71 earned that sought-after privilege of calling themselves Truckers!

Sophomore Class Swings Into Action and Helps Boost Spirit with Increased Participation

As new skirts rose with the JV Cheerleaders, eyes lowered and whistles were made. This was only one of the new aspects undertaken by the sophomores. The "heavenly" class of '70 helped to boost and strengthen spirit at CHS by their swinging support at pep rallies and at sports events. What a great feeling it was to look down upon the new pencil-pushers with humorous expressions, instead of gazing upward from hands and knees! Soph support was strong in athletics and other functions which gained Churchland much recognition during the previous year, and many individuals achieved personal acclaim. As '68 closed, Sophs rejoiced—"We have finally made it. We are now upperclassmen."

Amid Flurry of Activities along with Studies, Busy Juniors Find Time To Enjoy Lower - Upperclassman Status

Pam Alston
James Anderson

Jimmy Archer
Chipper Artz

Look forward! One more year to go! Look behind you! Ten years of hard work, fun and happiness. And this year? With a lower-upperclassman status, a junior takes on the added responsibilities in clubs, sports, and other extra-curricular activities. Varsity cheerleading practice, a special rehearsal for band or chorus, and club meetings are just a few of the many after-school demands which must be met —along with the prestige of being a CHS junior. The thrill of being on the Homecoming court, the triumph of being chosen a Marshal or member of the National Honor Society . . . the glory of being a junior. With the fun comes small gems like term papers, college boards, PSAT, exams. But what are those when rings are ordered and that status of senior seems so much closer?

Flurry of Activities Greets Suntanned Seniors Returning to CHS Life, Times

"Seniors are great!" seemed to express the emotions of the Class of '68 as their 270 suntanned faces returned to CHS. After a few weeks of anxiety, seniors were given the long-awaited rings at the annual ring dance. The initial excitement resulting from their new status as upperclassmen soon faded as classes demanded that more time be spent on homework and term papers. Tension increased for college hopefuls awaiting news of acceptance as the new year brought hope of exam exemptions and a fresh start with the second semester. In the spring, the warm weather, the senior class party, and the prom led to baccalaureate and graduation, the culmination of a twelve-year program of hard work, preparation, and fun.

BUSINESS LIFE

Seemingly the most forgotten part of any yearbook, the advertising pages in recent years have taken on an individuality all its own. No longer just "the ads", the thirty-six pages in the final part of the book have developed into the more up-to-date Business Life. The dullness and uninteresting squares and rectangular shapes that began with sixteen pages in 1944 finally gave way to the modernistic layouts of the past three books. With emphasis placed on attractive design, the advertisements are filled with students taking part in school activities and some taken on location "where the (business) action is!" Many of these honorary Truckers have given annual staffs the honor of being advertisers for these first twenty-five years, some for a few years, and a few are here for the first time. With such interest and support, Truckers have developed lasting ties and a great dependence for these boosters of CHS — ties much-cherished by all.

Congratulations to the 1968 Graduates

"Out of the Old, Into the New"—Thus Trucker, along with Students, Looks Forward to Association with Portsmouth School System

With the closing of the school year, the 1968 **Trucker** also sees the closing of one more phase of life in the annals of Churchland High School — the last year as part of the Chesapeake School System and old Norfolk County. With the loss of some 400 students due to annexation, once again, as in 1954 when we moved into this new building, the staff says — to use the same phrase as used then —"out of the old, into the new", and CHS thus becomes the fourth high school in the city of Portsmouth. From its beginning through this twenty-fifth edition, the **Trucker** has remained a book of remembered events — a permanent record of CHS. The first twenty-five years have seen a multitude of changes not only in the school and its curriculum, but also in the design and layout of each **Trucker.** What changes there are to be when another twenty-five years have gone by! 1993 — it's just a brief generation away!
